

- Unfortunately, I am not in the position to attend any meetings this week, as CAAT-A faculty are currently in Phase 2 of the work-to-rule campaign. Engaging in struck work at this point would be equivalent to crossing a picket line. I hope that this work-to-rule job action will demonstrate the value of faculty work, get the employer back to the table to negotiate the issues important to faculty, and make a full strike unnecessary.
- In accordance with the work to rule plan, I will not be attending college meetings or activities this week, nor any that are not specifically recorded on my SWF with appropriate time attributed. While it gives me no joy to refrain from campus activities, I believe in the collective bargaining process and the rights it has provided me and countless others. Until the bargaining team directs otherwise, this is my position.
